ABOUT US

Founded in 2022, Meta-Labs Services Ltd is a full-service digital agency headquartered in Ebene, Mauritius.

We specialize in website development, e-commerce solutions, software and mobile applications, branding, and digital marketing.

Built on a people-first philosophy and a deep passion for technology, Meta-Labs bridges innovation and practicality to help businesses grow, adapt, and thrive in the digital age.

Meta-Labs began with a mission to redefine the digital landscape of Mauritius and the African region.

By combining design thinking, data-driven insights, and next-generation technologies such as AI and Web3, we build scalable ecosystems that empower organizations to compete globally.

OUR DIGITAL DNA

At the heart of Meta-Labs lies a shared mindset guiding how we design, innovate, and collaborate to create meaningful digital experiences.

MISSION

To empower business growth through strategic digital transformation, designing and delivering modern, performance-driven solutions that bring measurable results.

VISION

To become a Pan-African digital leader in innovation, AI, and sustainable digital ecosystems, creating tools and experiences that connect ideas and power progress.

VALUES

- Innovation - We continuously challenge norms to create meaningful digital solutions.
- Integrity - We operate with honesty, accountability, and transparency.
- Excellence - We deliver quality beyond expectations at every stage.
- Collaboration - We believe in the power of teamwork and partnership.
- Responsibility - We take ownership of our commitments and their impact.
- Client Proximity - We build strong, trusted relationships through open communication and transparency.

OUR SERVICES

At Meta-Labs, we provide end-to-end digital services designed to help businesses build, scale, and evolve in an increasingly connected world.

AI, AUTOMATION AND WEB3 SOLUTIONS

Next-generation projects involving blockchain integrations, automation systems, and AI-powered dashboards to streamline operations and data intelligence.

BRANDING AND VISUAL DESIGN

Creation of impactful visual identities, logos, guidelines, packaging, and marketing assets that align with brand personality and strategy.

HOSTING, MAINTENANCE AND SUPPORT

Reliable hosting, security monitoring, backups, and uptime management through IONOS and Mauritius Telecom partnerships.

WEB DESIGN AND DEVELOPMENT

Custom-built corporate websites, e-commerce platforms, and dynamic portals using WordPress, Elementor, and custom-coded frameworks such as Laravel and React.

WEB AND MOBILE APPLICATIONS

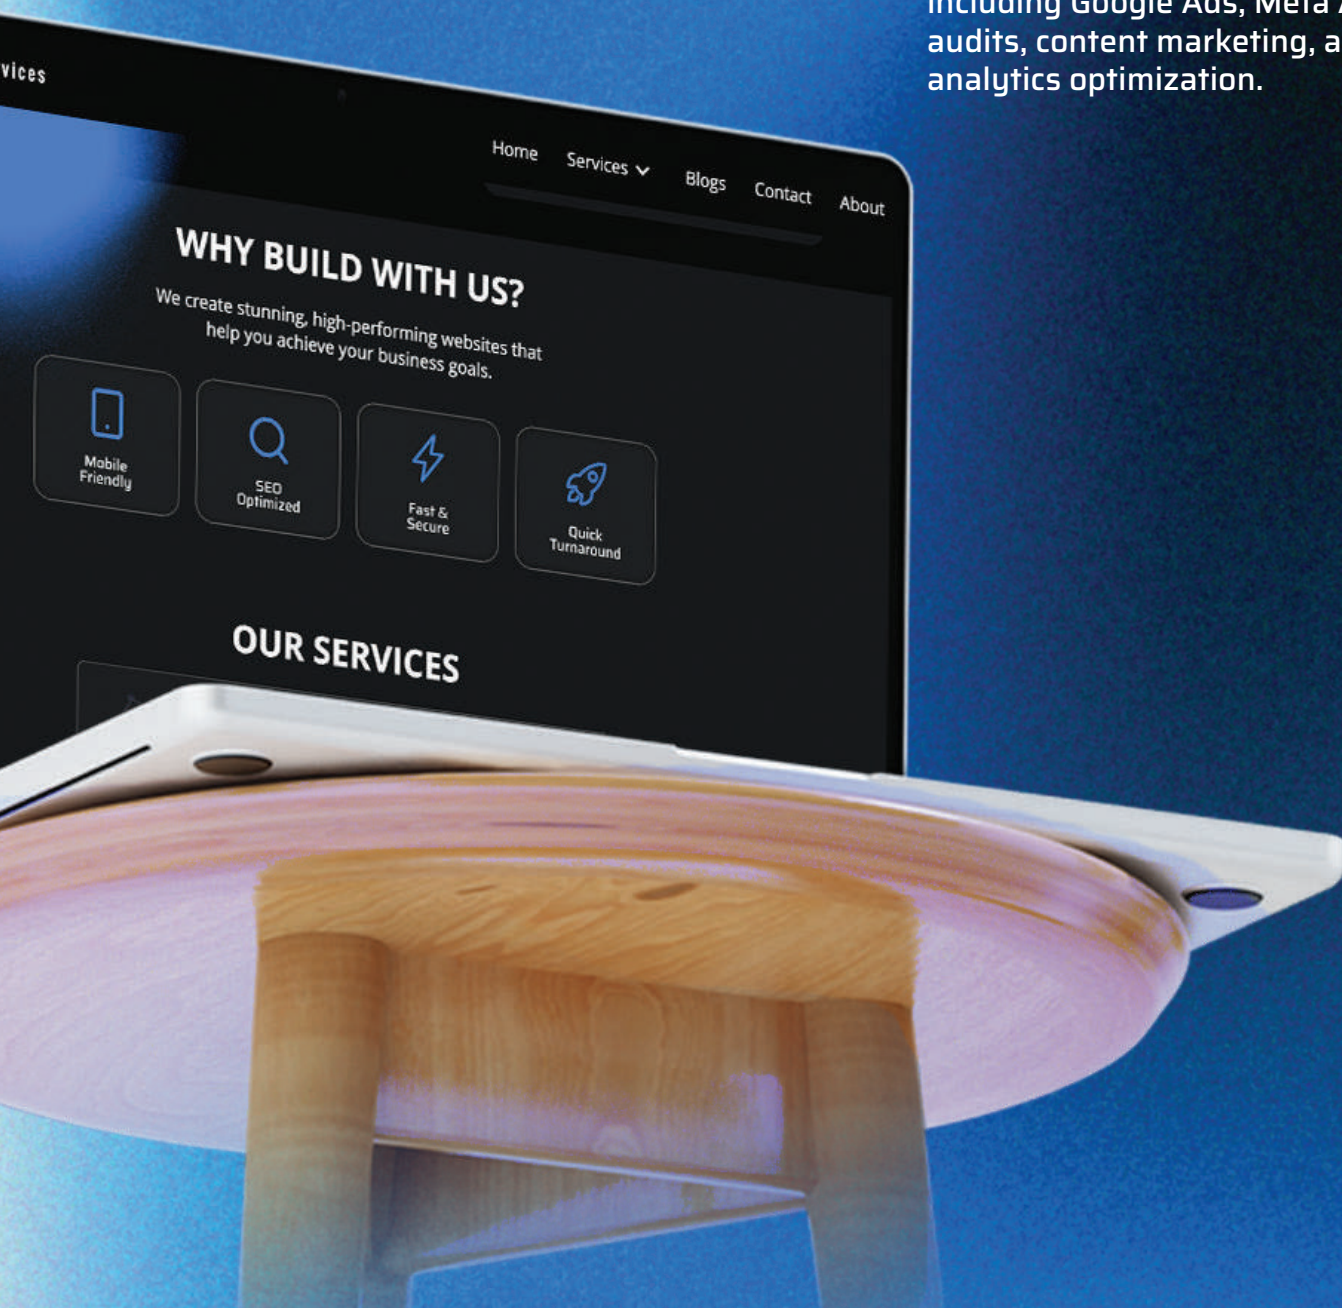

Cross-platform apps built with Flutter, React, and Node.js enabling digital transformation through seamless user experiences and system integrations.

E-COMMERCE SOLUTIONS

Tailored online stores with integrated payment systems, inventory management, and analytics tools to enhance conversion and scalability.

DIGITAL MARKETING AND SEO

Comprehensive online strategies including Google Ads, Meta Ads, SEO audits, content marketing, and analytics optimization.
